ASHFORD HOSPITALITY TRUST ANNOUNCES REDUCTIONS IN CORPORATE ADMINISTRATIVE & GENERAL EXPENSES

DALLAS – March 12, 2025 – Ashford Hospitality Trust, Inc. (NYSE: AHT) (“Ashford Trust” or the “Company”) today announced reductions in corporate administrative and general expenses as part of its ongoing efforts to enhance EBITDA and improve financial performance. This strategic move is a key component of “GRO AHT,” the Company’s transformative initiative designed to drive \$50 million in annual run-rate EBITDA improvement and significantly increase shareholder value.

The Company’s advisor, Ashford Inc., has implemented several corporate cost-saving measures for Ashford Trust, including reductions in legal spend, accounting and consulting fees, subscriptions and dues, general office expenses, and the consolidation of bank fees. In total, Ashford Trust expects these initiatives to deliver over \$4 million in annual savings, reinforcing its commitment to operational efficiency and disciplined financial management. Combined with the previously announced initiatives, these reductions in corporate administrative and general expenses are expected to deliver more than \$18 million in incremental EBITDA.

The Company continues to partner with its property managers and Ashford Inc. on a number of initiatives as part of the “GRO AHT” strategy and will provide additional updates as the plan is further executed.

Ashford Hospitality Trust is a real estate investment trust (REIT) focused on investing predominantly in upper-upscale, full-service hotels.

Forward-Looking Statements

Certain statements and assumptions in this press release contain or are based upon “forward-looking” information and are being made pursuant to the safe harbor provisions of the federal securities regulations. Forward-looking statements are generally identifiable by use of forward-looking terminology such as “may,” “will,” “should,” “potential,” “intend,” “expect,” “anticipate,” “estimate,” “approximately,” “believe,” “could,” “project,” “predict,” or other similar words or expressions. Additionally, statements regarding the following subjects are forward-looking by their nature: Implementation of our “GRO AHT” plan; expected EBITDA growth from our “GRO AHT” plan; our business and investment strategy; anticipated or expected purchases, sales or dispositions of assets; our projected operating results; completion of any pending transactions; our plan to pay off strategic financing; our ability to restructure existing property-level indebtedness; our ability to secure additional financing to enable us to operate our business; our understanding of our competition; projected capital expenditures; and the impact of technology on our operations and business. Such forward-looking statements are based on our beliefs, assumptions, and expectations of our future performance taking into account all information currently known to us. These beliefs, assumptions, and expectations can change as a result of many potential events or factors, not all of which are known to us. If a change occurs, our business, financial condition, liquidity, results of operations, plans, and other objectives may vary materially from those expressed in our forward-looking statements. You should carefully consider this risk when you make an investment decision concerning our securities. These and other risk factors are more fully discussed in the Company's filings with the SEC.

The forward-looking statements included in this press release are only made as of the date of this press release. Investors should not place undue reliance on these forward-looking statements. We will not publicly update or revise any forward-looking statements, whether as a result of new information, future events or circumstances, changes in expectations or otherwise except to the extent required by law.

Non-GAAP Financial Measures

The Company prepares its public financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Company also uses certain non-GAAP measures to help our investors evaluate our operating performance. The Company uses EBITDA, which is defined as net income (loss) before interest expense and amortization of 3 discounts and loan costs, net, income taxes, depreciation and amortization, as adjusted. EBITDA is a non-GAAP measure and we are unable to provide a reconciliation of forward-looking non-GAAP financial measures to their most directly comparable GAAP financial measures because we are unable to provide, without unreasonable effort, a meaningful or accurate calculation or estimation of amounts that would be necessary for the reconciliation due to the complexity and inherent difficulty in forecasting and quantifying future amounts or when they may occur. Such unavailable information could be significant to future results.
