## **ASHFORD TRUST COMPLETES REVERSE STOCK SPLIT**

DALLAS, July 15, 2020 -- Ashford Hospitality Trust, Inc. (NYSE: AHT) (“Ashford Trust” or the “Company”) announced today that it completed a reverse split of the Company’s common stock at a ratio of 1-for-10.

After the close of business on July 15, 2020, the effective date of the reverse stock split, each share of the Company’s issued and outstanding common stock and equivalents were converted into 1/10th of a share of the Company’s common stock. As a result of the reverse split, the number of outstanding shares of common stock was reduced from approximately 104.8 million shares to approximately 10.5 million shares. The reverse stock split will affect all stockholders uniformly and will not affect any stockholder’s ownership percentage of shares of the Company’s common stock, except for minor changes resulting from the payment of cash for fractional shares.

As of market open on July 16, 2020, the Company’s common stock will commence trading on a split-adjusted basis on the New York Stock Exchange (the “NYSE”). The common stock will continue to trade on the NYSE under the symbol “AHT” but will trade under a new CUSIP number. The purpose of the reverse stock split was to raise the per share trading price of the Company’s common stock to regain compliance with the minimum \$1.00 continued listing requirement for the listing of its common stock on the NYSE.

Ashford Trust's stockholders should contact their broker or Ashford Trust's transfer agent, Computershare, at (800) 546-5141, for any necessary assistance relating to the reverse stock split.

On July 15, 2020, the Company also completed a reverse split of the partnership units of Ashford Hospitality Limited Partnership, the Company's operating partnership ("Ashford Trust OP"), at a ratio of 1-for-10. As a result of such reverse split, the number of outstanding partnership units of Ashford Trust OP was reduced from approximately 20.5 million units to approximately 2.1 million units.
